## DETAILED ACTION

### *Claim Rejections - 35 USC § 112*

1. Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In the claim, subparagraph ( c ) , line 1, the recitation "to both starboard and port sides" is not clear; in line 2 and 3m there is no proper antecedent for "all apparatus support structure components"; in subparagraph ( d ) , line 1, " a pair of connected pivotal axes to both the starboard side and port side" is unclear.

2. Drawing corrections should conform with 37 CFR1.84.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. But the claim appears to be patentable over these references pending amendment of the claim to remove the indefiniteness.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jesús D. Sotelo whose telephone number is 703-308-2563. The examiner can normally be reached on Mon. - Fri. 6:00 AM -2:30 PM.
